## Top Of The Morning

### WEATHER

It's going to continue fair and warm today, turning partly cloudy tonight with a slight chance of rain late tonight or early Friday morning. Today's high is expected to be near 85 degrees, with the overnight low near 63 degrees. Winds are from the south-southwest 12-17 mph. Sunrise today was at 6:30 a.m.; sunset will be at 8:19 p.m. Yesterday's 7 a.m. report: high 84; low 54; no precipitation recorded.

### Kinsua Dam Report

Pool level 1328.37 feet (desired summer pool level 1328; maximum 1365 feet). Outflow temperature 66 degrees, upper reservoir 69 degrees. Reading at the Warren gauge 3.25 feet.

### WARREN COUNTY

Youngsville borough council has been allocated \$2,590 of Project 70 funds to purchase property adjacent to the Broken-straw swimming pool. The council applied for the state funds to purchase property to be used for a parking lot. Page B1.

### THE NATION

WASHINGTON—The House, after two days of emotional debate, approved a measure that would make it a crime to harm or intimidate persons exercising federally authorized civil rights or policemen and firemen trying to subdue rioting. The vote was 326 to 93.

WASHINGTON—Gov. George Romney of Michigan said during a series of Washington appearances that he believes the Republicans will be the "peace party" in 1968 and will accomplish everything possible to effect a sound and early peace in Vietnam.

WASHINGTON—President Johnson, in a special message to Senate Democratic Leader Mike Mansfield, asked Congress to restore a \$425 million cut by the House from his Model Cities program and urged approval of 23 other measures designed to improve conditions of life in urban areas.

### THE WORLD

WASHINGTON—President Johnson said that South Vietnam's Sept. 3 elections might not be held "without blemish," but he asked Americans not to impose "impossible standards for a young nation at war."

WASHINGTON—Chancellor Kiesinger of West Germany, at the conclusion of his two-day conference with President Johnson, said that "we no longer look at the United States as a big brother to whom we go running whenever something goes wrong." He added that his country's friendship and cooperation with the U.S. would continue but that a united Europe must eventually assume responsibility for the future of Europe.

### SPORTS

Warren Beverage gained a tie for the lead in the City Softball League last night by tripping Sons of Italy, 3-1 after Nichols Service Center had dropped a 5-3 decision to Warren Auto Clinic at Carbon Memorial Field. Page A8.

Gerry Littlefield of Tiona posted a double victory at Warren Sports Speedway last night, winning a previously-postponed "big" feature and adding another triumph in the same event in the track's regular schedule. LaVon Saber of Warren repeated as Powder Puff champion and Sheffield's Skip Overbeck took the postponed "small" feature added to the program. Page A8.

Carlos Ortiz hammered to an easy unanimous decision over Ismael Laguna at New York last night to retain his World Lightweight title. Although there were no knockdowns, the 30-year old champion staggered the challenger repeatedly. Page A9.

The Boston Red Sox climbed into third place in the torrid American League pennant race by ripping Detroit, 8-3. Cincinnati's Jim Maloney pitched no-hit ball against Pittsburgh until the seventh inning, then injured an ankle and Bill McCool had to relieve him, giving up three safeties as the Reds won, 4-0. ### CHICAGO'S CONTROVERSIAL PICASSO

Chicago's Picasso seems to hover over a good portion of the crowd of some 10,000 who attended the Tuesday unveiling of the sculpture in Civic Center Plaza. The work is a gift by the artist to the people of Chicago. Not all the people were grateful. Some called it a baboon, others a rusty chunk of iron. Most critics claim it is the head of a woman.

### 60-DAY RELOCATION PERIOD AGREED ON

## Petition on Bypass Withdrawn

By BETTY RICE

Work on the Youngsville Route 6 bypass will continue despite a petition brought by an independent oil producer seeking a temporary injunction to halt procedures until matters pertaining to a lease with the commissioners of the Rouse Estate had been clarified.

Oscar W. Hogsett, who leased certain portions of the Rouse Estate-owned lands, through his attorneys, had petitioned the court for the injunction in regard to construction on any lands subject to his lease.

In the petition Hogsett indicated he would be satisfied with a

60-day period in which to relocate, construct or repair pipeline in order to keep his oil wells productive.

Cooperative efforts by all parties concerned approved this particular segment of the petition, the latter being withdrawn.

In other action, however, Hogsett's legal counsel indicated two other petitions, directed against the Commonwealth of Pennsylvania, would stand. These deal principally with a declaration of taking and a matter of compensation.

Hogsett's attorney noted that relocation of the producing mines and other necessary

moves to continue operation in the future would constitute expenditures. In his petition, Hogsett also noted he would lose four producing wells due to the by-pass construction.

The petition in question named as defendants the commissioners of the Rouse Estate whose signatures were on the original drilling lease; the borough of Youngsville and the S. J. Grove Construction Co., contractors for the by-pass construction. Also listed was the State Highway Department.

Representatives of the highway department were in Warren. See PETITION, Page A2

## Verdict is 'Guilty' Jury out 3 1/2 Hours

A jury of five women and seven men last night brought in a guilty verdict against a Warren man charged with driving under the influence. The jury deliberated for three hours and thirty-five minutes and delivered their verdict at 11:40 p.m. yesterday.

The defendant was John Thomas Kane, of 13 W. Fifth ave., who was apprehended by borough police following a traffic accident at about 7:19 p.m. on February 7 of this year at the intersection of Conewango ave. and Fifth ave.

According to the arresting officers, Willard Zerbe and Ed-

ward Lindberg, they arrived at the accident scene after the defendant had left. Testimony was given that Kane left identification with the owner of the damaged car, John Maggio, 1415 Allegheny ave., following the traffic mishap and proceeded north on Conewango.

Maggio stated he had secured the license number of the Kane vehicle and a check with the borough police desk identified the car as owned by the defendant. Officer Zerbe said on the stand he went to an address on S. South st., but learned Kane had moved to the W. Fifth ave. residence.

Zerbe stated he then went to the Kane home, found the defendant was not there, but was told by Mrs. Kane her husband may have stopped at friends on Conewango ave. ext.

According to the police officer, he finally found the Kane vehicle parked at Davies & Sons Inc. in Gladetownship with the defendant asleep inside. Zerbe testified that he was able to wake Kane up. The officer said he detected a strong odor of alcohol and that Kane's speech was slurred and difficult to understand. Police added the defendant admitted he was unable to get into the police car but didn't state why. Zerbe said he then summoned Lindberg, who had remained at the accident scene, to assist him. The two officers, according to testimony, assisted Kane as he crawled into the back seat of the patrol car on his hands and knees.

Upon arrival at the borough police station, police testified two other police officers and See JURY, Page A2

### HOUSE PASSAGE SEEMS CERTAIN

## Social Security Hike Is Approved by GOP

By EDMOND Le BRETON  
WASHINGTON (AP) — Republicans made it certain yesterday that the House will pass a bill to increase the benefits paid under Social Security—and the taxes that finance it.

The vote probably will come today.

GOP Leader Gerald R. Ford of Michigan and Rep. John J. Rhodes of Arizona, chairman of the House Republican Policy Committee, formally put the party's seal of approval on the measure that would provide increases of at least 12½ percent in benefits and raise the Social Security payroll tax by a maximum of \$4 next year, with further increases later.

Ironically, at the same time two administration officials expressed dissatisfaction with some parts of the measure, which came out of the House Ways and Means Committee with bipartisan support.

The remarks of Secretary of Welfare John W. Gardner and Undersecretary Wilbur J. Cohen pointed to efforts in the Senate to reshape the legislation closer to President Johnson's original proposals.

These were for higher benefits and taxes than the committee approved and did not include

restrictions and requirements the committee wrote into some of the welfare programs provided in the Social Security act.

There will be no opportunity to rework the bill in the House. The Rules Committee sent it to the floor with a recommendation that no amendments be allowed, only a yes or no vote on the whole bill.

In its present form, the bill would make changes like these: The average retired worker and aged wife, who now receive about \$145 a month, would get \$164. The minimum payment for a single person under the regular Social Security system would go up from \$40 to \$50. A widowed mother and two children would receive \$251 instead of \$223. The entire extra cost was estimated at \$3.2 billion next year.

On the payment side, the maximum wage covered by the payroll tax would go up next year from the present \$6,600 to \$7,600. The maximum payment by employer and employee, now \$290.40, would go to \$340.40. Rates would be further increased over the years.

In his criticism of the bill, Cohen said Johnson's original proposals would have raised at least two million persons above the poverty line, but the com-

mittee version would free only about 800,000.

There has been more controversy over portions of the bill not having to do with the basic Social Security system. New York representatives have spoken out against new stricter rules for eligibility for medicare.

This program, entirely separate from medicare, provides federal contributions to state health care for lower-income persons. Some states had set eligibility standards broad enough to take in a considerable portion of their population.

The committee in approving the bill said it is concerned about the growth in the number of families receiving aid for dependent children. It wrote in a series of what it termed reforms in this program. States would be required to provide vocational training, day care for children to allow mothers to work, family planning services and procedures to facilitate the obtaining of support payments from fathers of illegitimate children.

Adult family members further would be encouraged to work by a new system under which they would not have welfare payments reduced.

### AS MILITANT FARMERS ROAR APPROVAL

## Food Withholding Threatens

(c) N.Y. Times News Service  
DES MOINES, Iowa — More than 35,000 cheering members gave the leadership of the National Farmers Organization authority yesterday to call for the withholding of all farm products from the market.

Oren Lee Staley, N.F.O. president, told the army of disgruntled farmers who arrived in chartered buses and planes from almost every state for the special five-hour meeting here that they could start the action "tonight or tomorrow" if they wanted.

However, he advocated leaving the date open to put pressure on processors with whom the organization is attempting to negotiate contracts and to allow time for adequate preparations for an effective strike. The membership, in a whistling, foot-stamping standing vote, agreed to leave the timing up to the leadership.

Staley emphasized before the farmers took their "no price, no production" stand that it was not to be an idle threat, anymore than approval for the withholding of selected products

had been in the past. "Everybody who is watching agriculture knows," he declared, "that there are 35,400 N.F.O. members at this meeting who did not come for a joy ride."

To a roar of approval from the crowd, he said of the processors with whom the N.F.O. is negotiating: "We'll let them know that if they want to wait this isn't going to be just a little one, it's going to be the granddaddy of them all."

Earlier, Erhard Pfingsten, vice president of the organization, sounded the note on which the new tactic is based.

"You can get a price tomorrow morning," he shouted. "There is no substitute for food and you have the food in your possession right now. The Farmer can get any price he wants. We have the power in our hands right now."

The across-the-board withholding action would be the first of its kind for the militant N.F.O., who has set as its goal collective bargaining for farmers.

Earlier this year, it staged a

25-state milk strike and in 1962 and 1964 it held back livestock production in an attempt to force prices up.

### LBJ Declares Confidence in Viet Elections

WASHINGTON (AP) — President Johnson declared his confidence yesterday in the progress of democracy and the effort to hold free elections in South Vietnam.

Johnson took his stand at a ceremony saluting five U.S. government employees for outstanding service in Vietnam—and one who died there.

The President said those who are dismayed by the progress of the Vietnam election campaign should bear in mind that there are 11 candidates, some military and some civilians, that they are free to attack the government, "and some have done so," and they are free to take their case to the people, "and most have done so."

The President hailed American civilians who, as he put it, has risked their lives working to build in Vietnam what the enemy has been trying to destroy.

A posthumous award went to Francis John Savage, an employee of the Agency for International Development from Buffalo, N.Y., who died last March at the age of 41 from injuries he suffered in a bombing raid in Vietnam.

### WINNERS ARE LISTED BELOW

## Prizes Given in Bike Rodeo

The Warren Bicycle Rodeo "500," a competition stressing safety, balance, skill, judgment, and bike handling, was held as scheduled yesterday, with 300 local youngsters taking part.

The competition, held at Beatty School parking lot, was open for boys and girls from 6 through 17 years of age. There were four divisions: peanut (ages 6-8); midget (ages 9-11); junior (ages 12-14); and senior (ages 15-17). Prizes in each division were awarded to first, second, third, and fourth place winners. The winners were:

In the peanut division, Cindy Newman (Beatty) 1st place; Jeff Johnston (Beatty) 2nd place; and Andrew Beardsley (Beatty) 3rd place.

In the midget division, Tad

Gebhardt (Beatty) 1st place, Scott Biltz (Beatty) 2nd place and John Barrett (Lacy) 3rd place.

In the junior division, Mike Brindis (Memorial) 1st place, Rick Olson (Lacy) 2nd place, and Bill Caldwell (Memorial) 3rd place.

In the senior division, Lee Kestler (North Warren) 1st

place, Jim Christie (Memorial) 2nd place and Glen Eschborn (North Warren) 3rd place.

The winners represented playgrounds throughout the borough and North Warren.

The competition was a new feature of the playground program and was conducted by Hal Miller, head of the playground program.

### KIESINGER GREET'S LADY BIRD

West German Chancellor Kurt Georg Kiesinger bows to Mrs. Johnson as he arrives at the White House Tuesday for a state dinner. Kiesinger yesterday concluded two days of talks with the President.

## Kiesinger, LBJ Conclude Talks

WASHINGTON (AP) — President Johnson and West German Chancellor Kurt Georg Kiesinger yesterday concluded two days of extensive talks with a pledge to refrain from any "one-sided weakening" of the Atlantic Alliance.

"We are in complete agreement that a one-sided weakening in the ability of the West to assure its security will not promote the relaxation of tension, which is desired by both of us. Both countries must sustain their defense efforts," a joint statement issued at the White House said.

This pledge, authoritative sources commented, does not mean that Kiesinger promised not to reduce the German army. Nor would Johnson vow to resist congressional pressure to respond to such a German move with a further cutback of American forces in Europe.

It means, these sources explained, that such reductions—reportedly 15,000 on the German side—will be carried out only after thorough consultations with the allies. The real significance of the chancellor's visit, they added, was that it reestablished an atmosphere of loyalty and trust between the two capitals.

The joint statement did not list the many issues discussed by the two leaders. It represented, spokesmen on both sides explained, a declaration of broad principles on the necessity to strengthen the Western alliance to continue the policy of détente as the best means to end the division of Europe.

Neelen is listed in fair condition at WCA hospital with first, second, and third degree burns on his chest, back, legs and arms. Johnson was also burned when he attempted to pull Neelen from the flaming spray booth, but did not require hospitalization.

Fire Chief Virgil Eggleston said an investigation is under way to determine what ignited several containers of lacquer in the spray booth where Neelen was working alone.

The heat from the blaze caused six sprinklers to be turned on, which subsequently quenched the flames prior to the arrival of city firemen.

## Erie Area Police Arrest Armed Pair

ERIE, Pa. (AP)—A posse of about 30 policemen picked up the trail of two Ohio jailbreakers who officers said pistol-whipped a defiant service station owner and flushed the men from a clump of woods yesterday.

Raymond E. Keller and Charles Trautman, both 20 and from Levittsburg, Ohio, were charged with armed robbery. They had escaped from the Trumbull County Jail in Warren, Ohio, Saturday.

State police said the pair stole a car in Erie and drove nine miles east along U.S. 20 to Johny Bossolt's Kendall Service in Harborcreek.

"They came in and asked to use the rest room," said John Bossolt, 56. "I thought they had

## Grenade Injures 10 American Civilian Workers

(c) N.Y. Times News Service SAIGON—Ten American civilian workers were injured yesterday when a hand grenade was thrown at the truck that was carrying them from their hotel to their jobs.

Vietnamese police said the grenade had been thrown by a small boy who escaped. The incident occurred in Cholon, the predominantly Chinese sister city of Saigon, where most of the terrorist incidents in the capital district in recent months have taken place.

Six of the Americans were released after treatment at an Army hospital. Four were described as out of danger after undergoing surgery for the removal of shrapnel.

The men, who were not identified, were employed by Kenotron Hawaii, Ltd., a subcontractor to L.T.V. Aerospace, Ind., on a communications project for the United States armed forces.

## AS DETROIT POLICEMAN ADMITS SHOOTING

## Self-Defense is Claimed

By JERRY M. FLINT

(c) N. Y. Times News Service DETROIT—A Detroit police officer accused of killing a Negro during the city's riot last month admitted shooting the Negro but claimed self-defense, a statement read in court yesterday disclosed.

The policeman, Ronald August, 28 years old, said in a formal statement July 31 to the police that he had shot the Negro, Aubrey Pollard, 19, at the Algiers Motel July 26, but only after Pollard had grabbed for the officer's shotgun.

In the statement, August said that he was part of a raiding team that had searched the motel for weapons or snipers.

"Now comes the tragic part," he was quoted as telling the police. After Negroes in the motel were lined up against the wall in a first-floor hallway, Patrolman August stated that

one of them asked to see him privately.

"He said he didn't know who shot at us and we should let him and his friends go. He said to me, 'You're not going to shoot me?' I said, 'No, I've never shot anyone in my life and I'm not going to shoot you,'" the policeman said in his statement.

"He grabbed my shotgun," the officer's statement continued. August said that he yelled, "Let go," and tried to shoot, but that the safety was on. He said that he finally released the shotgun's safety, and fired as the Negro again tried to grab the weapon.

### ROMNEY SPEAKS ON GOP

Gov. George Romney of Michigan yesterday stated that the Republican Party would "pursue those programs that they believe will produce peace in Vietnam on a sound basis as soon as possible." This statement may provide the key to Romney's undeclared presidential campaign.

## Romney Says GOP To Push for Peace

By WARREN WEAVER JR. (c) N.Y. Times News Service WASHINGTON—Gov. George Romney of Michigan predicted yesterday that the Republicans would make peace in Vietnam a major issue in the 1968 presidential campaign.

"There's no question in my mind the Republican party is going to pursue those programs that they believe will produce peace in Vietnam on a sound basis as soon as possible," Romney declared.

His statement provided the strongest evidence yet that the governor's undeclared campaign for the presidency would be keyed to the proposition that the war should be ended by more negotiation rather than more military action.

During a day of political visits around Washington, Romney stressed repeatedly his belief that the United States could reduce its participation in the Vietnam effort by passing more of the burden to the Vietnamese.

"The more we do, the less they do. It was a mistake to Americanize the military aspect of the conflict, it was a mistake to Americanize the total war," he said.

In response to a question, Romney refused to advocate stopping the bombing of North Vietnam. He said, however, that the bombing had "built up false expectations" and was based on the "unsound" belief that it could force the enemy to the bargaining table.

On another Republican front, Dr. Gaylord Parkinson announced his resignation as chairman of the Nixon for President committee because of "trying personal circumstances. He said he would return as soon as possible to his home in San Diego, Calif., where his wife recently underwent major surgery.

There were reports however, that there may have been another reason for Parkinson's resignation. Republicans understand he had undertaken some political organization in New Hampshire in an effort to counter Romney activity there which Nixon had subsequently declined to ratify.

## Jury Petition

Kane's brother helped get the defendant out of the cruiser and into the cell block, where he spent the night.

Witnesses called for the Commonwealth, in addition to Zerbe and Lindberg, were Lt. Howard Ristau, former police desk clerk Walter MacMillan, Maglo, Sandra Anderson of 319 E. Fifth ave. and Anthony Pellegrino of 402 Conewango ave. The latter two were at the accident scene.

Kane did not testify, but his attorney, Robert Wolfe, in his summation noted that no tests were given to determine Kane's condition; no evidence to show what happened from the time of the accident until Zerbe found the defendant at Davies & Sons; and no witness who testified that Kane was observed driving while under the influence.

Wolfe asked the jury to consider the possibility Kane might have become intoxicated during the interval from 7:19 p.m. to about a half hour later, when he was located.

Police stated a doctor was not summoned because they felt he could not undergo the routine test, since he was unable to stand. Officers also testified that defendant's rights were explained to his brother at the station.

A jury yesterday morning found Samuel Earl Bart, 17 E. Fifth ave., guilty of a charge of driving during suspension. This verdict was reached in 15 minutes.

After leaving the White House, John Quincy Adams served in Congress until his death at the age of 80.

### Negroes To Be Added to N. J. Guardsmen

(c) N.Y. Times News Service  
TRENTON, N. J. — Gov. Richard J. Hughes announced yesterday that the Department of the Army had approved a state request to increase the strength of the New Jersey National Guard by five per cent and that the increase consist wholly of Negroes.

The governor told a news conference that the state's move was an effort to comply with last week's recommendation by the President's Advisory Commission on Civil Disorder of an immediate and substantial increase in the number of Negroes in the National Guard and the Air National Guard.

During the riots last month in Newark and Plainfield, the overwhelming number of white persons in the National Guard forces drew jeers of derision from angry Negro crowds, "Honky! White!" they screamed at the troops.

### 'Good Samaritan' Act Is Approved

HARRISBURG (AP) — The House approved yesterday a measure extending the so-called "Good Samaritan" Act to exempt volunteer ambulance services or rescue squads from liability in transferring an injured person to a hospital.

The measure was amended Tuesday to hold ambulance drivers liable for damages should the vehicle be involved in an auto accident en route to the hospital.

Drivers and their employers would not be liable, however, for damages incurred during the administration of relief, such as lifting patients, dispensing medication and applying tourniquets.

The House vote was 182-13 after a motion to kill the bill by recommitting it to the Committee on Elections and Apportionment was defeated 48-147. The legislation now goes to the Senate.

The Good Samaritan Act,

passed by the 1965 legislature, released doctors, nurses, firemen, policemen or rescue squads from liability for treatment at the scene of an accident.

Rep. Roland Greenfield, D-Philadelphia, called the legislation "a logical extension of the Good Samaritan Act."

The House also forwarded to the Senate two more bills in a package of traffic safety legislation.

One measure would require used-cars to be state inspected before sold while the other proposes to increase penalties for violations at official inspection stations.

Three other measures were sent to the Senate Tuesday.

### AT FAIRBANKS, ALASKA, WATERS EBB

## 15,000 Homeless After Flood

FAIRBANKS, Alaska (AP) — Flood waters began to ebb slowly yesterday in this devastated Alaska city, where half the 30,000 residents were homeless and all business was paralyzed. The worst appeared to be over. Upward of 14,000 refugees were being cared for at half a dozen evacuation centers within a radius of 25 miles. Another 1,000 had been flown out.

Helicopters and small boats picked up a few more during the day, but the rest of the townspeople stuck it out in their water-surrounded homes.

Damage stood at about \$200 million and could go higher. Three were known dead, one of them a child. They had not been identified.

Record rains that triggered the worst flood in Fairbanks' history tapered off. Forecasters predicted the uncontrolled Chena River, which crested 6½ feet above flood stage Tuesday at 18.8 feet, would be within one foot of its banks at 13 feet by early Friday.

As the river dropped, more of the awesome destruction became visible. And with freezing weather only two months away, Mayor H. A. Boucher said tautly:

"We're going to need help—and we're going to have to have it in a hurry!"

Temperatures now are mild, with highs in the 60s and lows in the 50s, but after freezing weather sets in they plummet as low as 60 below in the winter.

Gov. Walter J. Hickel estimated yesterday that residents driven from their homes would not be able to return to them for four or five days.

Hickel said the State Disaster Office and Civil Defense authorities planned to maintain the evacuation centers at least that long.

Assistance came from many points and more was on the way. Planes flew in rations, medicine, typhoid serum for 40,000, doctors, nurses, Red Cross workers and federal disaster and rescue teams.

Boucher estimated damage alone to homes and buildings, where flood waters coursed to a depth of nine feet, at \$150 million to \$200 million. But the full extent of the loss could not be told until the water receded. And not until then could plans for rebuilding and repairs go into effect.

The mayor estimated 75 per cent of the business buildings suffered major damage and only a few homes escaped the ravages of the flood. Sewage lines were backed up, telephones were out and many power lines were down. Only the water system was still working.

### U. of Pa. Gets Grant

PHILADELPHIA (AP) — The University of Pennsylvania has received a \$1 million grant from the U.S. Office of Education for construction of an eight-story \$5 million humanities building on the Penn campus, university officials said yesterday.

### Erie Boaters Forced to Swim A Half-Mile

ERIE, Pa. (AP) — Two men were skimming along Presque Isle Bay in their cabin cruiser yesterday when suddenly their craft struck something and sank, forcing them to swim a half mile to shore.

Irvin Carey, 41, and James Wilhelm, 28, both of Erie were spotted swimming to shore by a group of grain elevator operators. The workers called police for help, and when the men pulled themselves ashore at the Erie docks they were rushed to Hamot Hospital. They were treated then released.

The men told Coast Guard officials that they had hit something but they could not tell what it was.

# Warren '500' a Big Success

A bicycle rodeo in Warren has been a thing of the past for several years—since the Junior Chamber of Commerce dropped the project. But yesterday Hal Miller and his playground staff proved they could latch on to an idea and make it become a reality.

There were 350 youngsters from the community who participated in the so-called Warren "500" the theme of which was safety. And this was proven. For in addition to 350 children running their bicycles through the obstacle course, 112 of these had their bicycles in-

spected by borough police officers. All and all it was a good start in the revival of the bicycle rodeo. And we look forward to bigger and better events in 1968. From all indications next summer the playground supervisors intend to conduct a bicycle inspection—in cooperation with local police—and a bike rodeo when the playground season opens, and follow through with a fun-type of rodeo before the summer ends.

We might add the obstacle course in yesterday's event was original and not a copy of similar events held elsewhere.

## A True Friend of U.S.A.

(Editor's Note — Drew Pearson, who has been on vacation, today interrupts that vacation to write a column on a unique visitor to Washington.)

HONOLULU — Today (Aug. 17) President Johnson receives a unique visitor at the White House, President Felix Houphouët-Boigny of the Ivory Coast, sometimes called the George Washington of West Africa.

He is unique because, though a friend of President de Gaulle's and though he served five years as a member of the French cabinet, he had the courage to order his U. N. ambassador to vote with the United States and against De Gaulle during the recent showdown over the Near East.

He is also unique because, while surrounded with pro-Communist neighbors, he has stood firmly for the free enterprise system.

Finally, President Houphouët-Boigny's visit is important because at a time of Negro unrest in our big cities, when some American Negroes are looking to Africa for leadership, the Ivory Coast's experience with Chinese Communist activities is most revealing.

I visited the president of the Ivory Coast two years ago, lunched with him at his summer home, and we talked at length regarding the problems of the United States and Africa. Flanking the double doors of his living room were two of the largest elephant tusks I have ever seen, and in the outer hall was a small golden elephant.

"President Johnson wouldn't approve of that," remarked President Houphouët-Boigny, "but tell him we will soon acquire a donkey."

The President of the Ivory Coast is a Negro of quiet dignity, who was taken to Paris as a small boy, educated in French schools and universities, obtained a doctor's degree, and for many years practiced medicine.

He explained how the new republics of West Africa were being pulled in two different directions: 1, toward France, with which they have cultural and economic ties; 2, toward Red China, which is staging a political and propaganda drive to take them over.

On the other hand, he told me, many Africans see their future with the United States, if they can develop more trade and obtain technical help in developing their economy.

To the east of the Ivory Coast is Ghana, which at the time I was in Africa was virtually a satellite of Red China under the totalitarian rule of Nkrumah. Some months later, while Nkrumah was in Peking, his people kicked him out and established a new pro-West government, leaving Nkrumah to take refuge in Guinea to the west of the Ivory Coast.

President Sekou Toure of Guinea once used as many as 1,200 Communist advisers, and in 1965 got a promise from Moscow to build a huge hydroelectric dam on the Koudou River. Generally speaking, President Sekou Toure follows the Chinese rather than the Russian line of communism, believing in violent revolution. He has been preaching this to some of the young Amer-

ican Negroes who have gone to see him. These include John Lewis of SNCC, James Farmer of CORE, and Stokely Carmichael, former SNCC head, who while in Cuba recently urged Negro guerrilla war in the big U.S. cities. Carmichael brought back from Guinea a long white flowing robe, the gift of President Sekou Toure, which he displays proudly.

These are days when young American Negroes are turning more and more to Africa. Hair-straighteners are out; kinky hair is in. African robes are worn at black power rallies.

So far the African influence has taken the anti-American, pro-Chinese line. But it could take the pro-American line of men like President Houphouët-Boigny of the Ivory Coast.

"China is out to take over the world," Houphouët-Boigny told me. "In Africa the Chinese are teaching hatred, dissension and assassination."

"Africans are taught to murder men whose eyes are open to the Chinese danger, so they can be replaced with servile men who would open the doors to Africa to China."

"Wherever the Chinese go you find trouble," said the president of the Ivory Coast, "whether it be Guinea, Uganda, Somalia or Cuba. Don't let them influence your people in Harlem. Mao Tse-tung doesn't have time to wait. Time is working on the side of the Russians. But not the Chinese. They are looking for opportunities of revolution all over the world. They would like to overthrow the liberal government of the United States."

"This is why I think President Johnson's firm position in Vietnam is so wise," he concluded. Partially confirming Houphouët-Boigny, FBI reports have shown that the most dangerous conspirators in the Negro ghettos have been members of the pro-Chinese wing of the Communist party.

Most significant aspect of the Ivory Coast's economic progress is that it has been achieved by welcoming foreign capital, with no foreign aid from the United States. Some aid has been received from France, however.

The Ivory Coast has now become the third largest coffee-producer in the world (ranking behind Brazil and Colombia), the second largest cocoa producer, and ranks high in bananas and tropical lumber.

The one thing it needs is stable prices. Like other African countries and our Latin neighbors, the Ivory Coast suffers from the ups and downs of commodity prices. In six years it received \$50 million of foreign aid from France. But in the same period prices on tropical products dropped \$200 million.

In the United States, the American farmer gets the benefit of price supports for wheat, corn, other staple commodities, with subsidies for sugar. If Sen. Allen Ellender and Rep. Otto Passman, the two Louisiana Democrats who are such bitter foes of foreign aid and such indefatigable champions of sugar subsidies, would permit price stabilization for the sugar, coffee, cocoa and bananas of Africa and Latin America, their countries wouldn't need aid from the United States and would become prosperous, free enterprise neighbors.

## Our Phoney Concern

Clark Clifford, adviser to the President, was being questioned, alongside General Maxwell Taylor, also an adviser to the President, and formerly ambassador to South Vietnam. Both men reassured reporters that, in their judgment, the elections in South Vietnam would be honest, and that they had communicated to President Thieu and to Marshal Ky the enormous importance Americans attach to their honesty.

Mr. Clifford was then asked: "In your blunt speaking with General Thieu and with Premier Ky on this business of a free election and the delivering of a message from President Johnson, did you extend to the point that Senator (John O.) Pastore of Rhode Island chose to extend on the floor of the Senate, that if there is not a free election then we had better begin to make plans to get out? Was your speaking as blunt as that?"

"No," rather more patiently than some would have done; "because I think that that was not called for in a personal visit with them."

A few observations: 1. Whatever happens in the South Vietnamese elections, the critics of our participation in the war will profit from them. If President Thieu and Marshall Ky are re-elected, it will be charged that this was on account of the undemocratic pressures they put on the other candidates, that the entire proceedings were a fraud, if Thieu and Ky do not win, it will be said triumphantly that we have here a repudiation of the intransigence of the military, clearly calling for a new attitude towards North Vietnam and the Vietcong.

2. Our concern for the platonic purity of the democratic process in South Vietnam is abstractionist hypocrisy. We give money every year to governments in the world that do not even go through the motions of democracy — to all, for instance, of the African states, with the exception of the militantly anti-Communist states, which of course do not qualify. Our insistence that, half way through the bloodiest civil war in recent history, at a moment when it is not even clear whether the relatively humane side will even win the war, we are insisting on an election purer than you could get in a vote for chancellor of Oxford University. Underlying the insistence on that vote is the presumption that people of South Vietnam don't really want to fight for their freedom from North Vietnamese Communism. It just strikes a lot of American liberals as implausible that they should want to do so, hence they took for evidence to confirm that the South Vietnamese don't really want the war.

3. There is criticism that the field was greatly narrowed as a result of Marshal Ky's exclusion of what one commentator calls "genuine dissent." Now: the exclusions were the work of the provisional assembly that drew up the Constitution, not the work of Marshal Ky. Those exclusions — against pro-Communists and neutralists — were voted overwhelmingly. It is the tacit assumption of the provisional assembly that people residing in South Vietnam who wish to surrender the sovereignty of South Vietnam ought not to vote. One wonders where is the country that gladly extends votes to those who desire to do away with that country? In England during the Second World War they didn't even bother to have elections, if they had, they would not have given a vote to Lord Haw Haw. What they did to Lord Haw Haw was hang him. Even after the war — and hence the crisis — was ended.

Even so, 4) there are no less than fourteen, count them, fourteen presidential candidates. One would think that that would offer quite enough of a choice to the South Vietnamese. In fact, worldly observers know that the more candidates there are, the greater the inexperience in the ways of democracy, and the less serious the dissent. When there is true dissatisfaction, the dissatisfied elements combine in order to beat the incumbents. When everybody and his neighbor declares as a presidential candidate, the thing of it is that the society is inexperienced in true democracy, and the best you can hope for is an approximation of democracy: the kind of thing we had in this country in the early period of our history, and which we were, quite rightly, very proud of.

## The Three Elites

(Substituting for Joseph Alsop)

CARLISLE, Pa. — A visiting lecturer at the Army War College, here at Carlisle, is struck by the prevailing mood of intellectual eagerness and open-mindedness. These more than 200 colonels and lieutenant-colonels preparing for advanced duties are no Colonel Blimps such as presided over the declining arc of British empire. Nor are they politically ambitious colonels, as in France in the late 1950s or in Nasser's Egyptian take over or in Greece today, who are convinced that only the military can keep order in the polity.

They are much more like the officers I have met in Israel's army and air force, basically civilian in their thinking, alert to what is happening inside the society, aware of the fact that a military officer today must know far more than military technology, but also aware of the line that divides military duties from civilian control.

One can discuss with them, in a free give-and-take, a broad spectrum of issues, from the psychological roots of war and peace and the current global power struggles to the emergence of the hippies. One of the issues that interested me most, not often discussed from that angle, was the role that the new elites play in the strength and cohesion of the society, perhaps seen best in the Soviet Union, Communist China and the United States.

In the Soviet Union the formerly intense political religion of communism has settled down into a ritual church. After a half-century of the regime (the 50th anniversary will fall on Nov. 7 this year) the power has moved into the hands of two men who act as front and spokesmen for a small commanding elite in the party, state and economic bureaucracy and in the military. But the dynamic force of the Soviet society is not in the bureaucrats, but in two other elites—the technocrats and the intellectuals, including the whole range of creative people from scientists to poets. These three elites—the politician-bureaucrat, the technocrat and the intellectual—form the focus of social struggles in the Soviet Union as in every society today.

The big difference today between the Soviet Union and Communist China is that in the Soviet Union the elites have come tolerably to terms with each other, while in China they are engaged in a life-and-death struggle of civil war proportions.

This doesn't mean that there are no elite struggles in the Soviet Union. They are very real. The commitment to Communist ideology, on the part of both the technocrats and the intellectuals, has been eroded by the discipline of the machine process and by the impact of the idea of the good life as lived in the Western world.

The rebellion of the poets and other writers—as symbolized by Svetlana's migration and her book, by the trial of the poets and especially by the new manifesto of the writers for some measure of intellectual freedom—is a very real rebellion. Much of it is directed against the party bureaucracy as shown by Andrei Voznesensky's attack on the "lies, lies, lies, bad manners and lies" of the Writers Union.

The rebellion has considerable support not only from the scientists, but also from the

new class of technicians. But the commanding elite, meaning the party and state bureaucrats and the military men, has made an accommodation with the rebels. The two camps have struck enough of a truce, if not a peace, to keep the regime stable and the society reasonably cohesive.

This is not true in China, where the politician-bureaucrat elite is split between the Liu camp that wants to follow the Russian way of accommodation and the Mao camp that fears the technicians, despises the intellectuals and declared war against both. The "cultural revolution" of Mao and Lin is really an anticivilizational revolution.

Mao's war, outwardly against Liu, is actually against the new class of technocrats and scientists who have emerged with the new industrial technology. Mao feels the need to destroy China's cultural tradition from which they get their strength and go

back to the pre-industrial spirit of the Long March.

The result is a breaking of the fabric of trust between the elites. As each calls on mass support—Liu on the factory workers and peasants, Mao on the adolescent storm troopers, since he has lost the peasants and workers and cannot rely on the army—China faces a long night of fratricidal massacres.

The case of America is so complex that it must be discussed in another column. It is marked by an extremely high development of the intellectual elite (Brain Trusters, in-and-outers, a Brain Drain toward the United States, the "think tanks") and by sharp hostilities between the elites within a framework of freedom. The notable fact about America is that while the politician-bureaucrat and technocrat elites are in control of the effective power at decision points, it is the intellectual elite that sets the mood of the country.

## On Mortgage Costs

How much money could you save by repaying your home mortgage in 20 years instead of 30 years?

What is the difference to you over the long range if your home mortgage interest rate is 6 per cent as against 6.5 per cent?

Or if you make a big vs. a small down payment? These are three key questions to explore if you are now shopping for a home mortgage. And these are three key areas in which you can achieve very significant savings.

To guide you to the right answers for you, this column will give you the pertinent dollars-and-cents comparisons.

On interest rates, you'll probably find that all major lenders in your area offer home mortgages at similar interest rates. Nevertheless, a seemingly minor difference can mean hundreds of dollars in savings over the life of the mortgage. Here's the comparison for a \$10,000 mortgage with a 20-year repayment period:

Interest Rate	Total Interest
6 Pct.	\$7,194.30
6.5	7,893.80
7	8,607.20
7.5	9,334.20

From this table, it's easy enough to see that even 1/2 per cent on a \$10,000 loan can mean savings in the \$600-700 range over a 20-year period, and that a difference of 1 per cent can mean savings of nearly \$1,500.

If you shorten the repayment period of your \$10,000 mortgage, your possible savings are even more dramatic. Here's the comparison for a \$10,000 mortgage at 6 per cent interest over various repayment periods:

Repayment Period	Total Interest Cost
10 years	\$3,322.40
15 years	5,190.20
20 years	7,193.60
25 years	9,325.00
30 years	11,582.00

From this table, it's obvious that you can save \$4,388.40 in interest simply by repaying the mortgage in 20 instead of 30 years.

Of course, if you sharply reduce the repayment period of your loan, you'll have to pay more each month. Using the example of a \$10,000 mortgage at 6 per cent:

Repayment Period	Monthly Payment
10 years	\$111.00
15 years	84.40
20 years	71.70
25 years	64.50
30 years	60.00

The longer repayment period seems attractive but you've already read how much extra interest you pay when you stretch out.

The larger your down payment, the smaller will be the total amount of your mortgage loan, and thus the smaller will be the total amount of interest you will pay over the years, and the cheaper will be the overall cost of the loan to you.

The average loan-to-price ratio in the nation today for a new home is 74.9 per cent — i.e., the average mortgage being granted is for about 75 per cent of the purchase price and the average down payment is 25 per cent.

But averages are useless in terms of individuals. Your key rules for savings on your home mortgage are: shop for the lowest available interest rate in your area; make the largest feasible down payment; repay your mortgage in the shortest feasible period of time.

MASON DENISON

## Shafer's Veto Pen

HARRISBURG — Governor Shafer has flourished his first feathered veto pen of the 1967 session in knocking down legislation that would have precluded use of imported steel in public projects throughout the state, resulting in clamoring in some quarters for overriding the strike-down.

This wielding of the gubernatorial veto pen is interesting.

At the moment the ink from the veto pen has dripped on only this one piece of legislation — certainly not any sort of outrageous schedule — but the clamor and commotion raised by this one flourish has upped a few eyebrows in view of the fact that a chief executive his first year in office usually is granted a somewhat understood "comfort zone" in which he is able to simmer right and left within reason without too much clamor, opposition table-thumping, etc.

This apparently is not destined to be Mr. Shafer's lot, judging from the commotion he has endured these first seven months, more particularly at the moment the veto fuss. And it is ironic that the veto yelping should have stemmed initially from a (theoretically) staunch Shafer Administration leader, Senator Albert R. Pechan, Armstrong County Republican, GOP whip in the Senate.

This lone veto by Mr. Shafer isn't much, by any stretch of the imagination, but the session is not ended, nor have there been a flock of bills cleared by both chambers and sent to the gubernatorial desk.

As a point of comparison, a look at the 1965 session is perhaps of more than passing interest (the 1965 session was the last "general" session, the 1966 opus having been confined to fiscal affairs only).

In the 1965 legislative showdown Governor Scrantom snapped his veto pen 29 times in a session that by this time of the year, as in the case of the present session, was still dragging on.

The preceding "regular" legislative session, that of 1963 and the Scrantom Administration's first session of its four-year tenure (comparable to this first year of the current Shafer Administration) saw the gubernatorial veto pen waved 21 times.

Or, peering deeper into the record and going back to the 1961 session (the 1962 session was another of those limited fiscal affairs — only gatherings) the then (Democratic) Governor David Leo Lawrence dipped his plumed pen into the veto ink pot 27 times to knock down legislation cleared by the legislative branch.

In the preceding general session of 1959 (the 1960 gathering of the braves was a flitting fiscal gathering) Mr. Lawrence who was then in the first year of his four-year term (comparable to that of Governor Shafer) worked up 23 vetoes.

This then is the "contemporary" record on the veto front facing Governor Shafer insofar as the still fiddling 1967 session is concerned.

Were any of the gubernatorial vetoes just noted overridden by the genies of the legislative branch?

No — but this was because lawmakers didn't stay in session long enough to do any overriding!

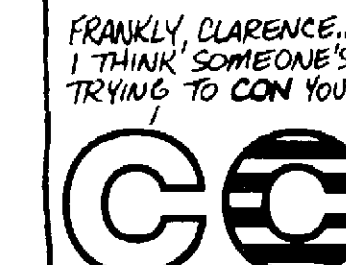

The question might well arise as to whether Pennsylvania's lawmakers ever have risen in their wrath to override a gubernatorial veto.

The answer is that it certainly hasn't happened often — the last such event having taken place fifty years ago in fact under the present State Constitution (that of 1874) the Legislature has knocked down vetoes only five times.

Incidentally, records show that the most bills to be vetoed at a regular general session occurred during the 1931 legislative hodgepodge when Governor Gifford Pinchot (in the first year of his second term) lowered the veto boom 256 times — which indeed might raise the question of whether there were any bills gaining gubernatorial approval that year!

ART BUCHWALD

## You Can Buy Happiness

EDITOR'S NOTE: (While Art Buchwald is taking a few days off, a blue ribbon panel has selected some of his articles from the past that it insists the public would want to read again — at least that's what Buchwald told us. — The Editors)

WASHINGTON — All my life I've been told you can't buy happiness and I must say I used to believe it. But lately I've changed my mind.

Money can buy happiness and usually does.

Take my friends, the Schmicks. They're poor, honest, hard-working people. All they have is each other and they're miserable.

Then take my friends, the Smugs — he's a banker, she inherited money from her father. They live on Park Ave. in the winter and West Hampton in the summer, unless they go abroad. Everything they do costs money, and you won't find two happier people anywhere.

The Schmicks live in a small apartment in Brooklyn in the

winter, and they vacation in the same small apartment in Brooklyn in the summer. When they really get desperate, they go to Far Rockaway for a swim.

Once Schmick said to me, "We may not have all the comforts and pleasures of the rich, but do you think that makes us unhappy? You bet your sweet life it does."

The Smugs, on the other hand, wouldn't have it any other way. Smug told me one night when he had a few drinks too many, "You know, when I was young I was in love with a poor girl who worked as a secretary. I was poor, too, and we were going to get married. Then I met my wife, who was rich, so I decided to marry her. You know something? I bumped into that poor girl a few weeks ago and she had gone all to pieces. It takes money for a woman to keep looking young. I was sure glad I married the rich girl."

The Smugs are not happy all the time. Sometimes they fight and then Mrs. Smug flies off to California to visit friends, but the Schmicks fight, too. Only when they get into a quarrel, Mrs. Schmick has no place to go, so they yell at each other until the police come. Last year the Schmicks were fined \$30 for disturbing the peace.

The Smugs entertain a lot of important and influential people who accept their invitations because the Smugs are rich. The Schmicks can only afford to entertain relatives they don't like, who complain afterward about the food and liquor.

When it comes to children, the Smugs and Schmicks also differ.

Smug told me, "We have two children. We've given them the best of everything. Private schools, riding lessons, tennis lessons, catered parties — we've bought everything for them that money will buy and they're smart, happy, contented children."

Schmick, on the other hand, told me, "We haven't been able to give our children anything but love and devotion — and they hate us."

Smug told me, "I've tried to impress on the children the importance of being rich and the great benefits that can be derived from having money. They know exactly what I'm talking about and they respect me for my wisdom."

Schmick said, "I tell my kids money isn't everything. There are some values in life that are much more important, such as love, friendship and family, and you know what they do? They go around the neighborhood and tell everyone, 'Our pop is nuts.'"

## Gen. Wheeler Sees No Target Shortage

BY NEIL SHEEHAN  
(c) N.Y. Times News Service  
WASHINGTON — Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, stressed yesterday the need for repeated attacks against major transportation and industrial facilities in North Vietnam. He said he did not "foresee any shortage of worthwhile military targets" there.

After a major transportation or industrial facility has been attacked once, it cannot "be crossed off the list and forgotten," he said, because North Vietnam has a "marked ability to recuperate from and accommodate to our air attacks."

"Major bridges that have been destroyed have been rapidly replaced by other bridges, ferries or ferries, sometimes by all three," Wheeler said. "Thermal power plants have been put back into operation expeditiously, and roads and railroads have

been rapidly repaired."

Wheeler made the statements in closed testimony yesterday before the Senate Preparedness Investigating Subcommittee.

The subcommittee, most of whose members have called for a sharp escalation of air and sea action against North Vietnam, is investigating the air war.

Wheeler did not give any examples of installations that had been repaired rapidly after a bombing attack, but military sources noted that a Hanoi power plant was one such target.

The plant was bombed three times in May and early June. It has since been reported to have been repaired by the North Vietnamese to the extent that it can produce 75 per cent of its original capacity.

Adm. U.S. Grant Sharp, United States commander in the Pacific has requested permission to strike the Hanoi plant again, but it cannot be determined whether he received the permission in the intensification of the air war authorized by President Johnson last week.

Wheeler refrained from advocating an intensification of the bombing, although he is known to favor escalation, including an attack on the port of Haiphong or the mining of power facilities there.

He noted that the North Vietnamese port areas, particularly Haiphong, were "valuable targets" but that attacks against them would "provide the greatest opportunity for incidents that could lead to further expansion of the roles of the Communist nations in the war."

Vietnam was the subject of another statement in Congress, in which Sen. Ralph W. Yarborough, D-Tex., denounced the idea of launching an amphibious invasion of the southern portion of North Vietnam as an "utterly indefensible step."

ON TARGET

Pinpoint bombing is illustrated in these two frames showing Hanoi's giant Doumer Bridge being blasted by U.S. bombers last Friday. The bridge's center span was sent crashing into the Red River, destroying a vital rail and road link just 1.7 miles from the heart of Hanoi.

## TALKS ON BUDGET, TAXES, TO RESUME NEXT WEEK

# Tax Talks Suspended in Harrisburg

By VINCENT P. CAROCCI  
HARRISBURG (AP) — The legislative leadership yesterday suspended until next week bipartisan negotiations aimed at ending the three-month political fight over the budget and taxes.

Senate Minority Leader Ernest P. Kline, D-Beaver, said the pause would give both sides time to review the proposals and counterproposals advanced during three days of meetings on Gov. Shafer's \$1.79 billion budget and the \$300 million in taxes he says are needed to balance it.

"We've made certain proposals to them and they have produced their counter-proposals," said Kline, one of the two Democratic conferees. "Frankly, both sides need time to study them."

The Senate, meanwhile, pushed the stalemate off dead center by shipping to the House a \$1.46 billion general appropriations bill to finance most state government spending in the new fiscal year.

The vote was 45-0, although Kline registered Democratic objections to the action in light of the deliberations now under way on the budget.

"I would hope it does not detract from negotiations, . . . to

solve the Commonwealth's fiscal problems," Kline said.

Senate Appropriations Chairman George N. Wade, R-Cumberland, assured Kline that the general fund bill could be amended in the House to conform with any compromise agreement the four mediators might reach.

The negotiations reportedly have narrowed down to a \$100 million difference between the two parties—the Republicans at \$300 million in new taxes, the Democrats at \$200 million.

Republicans, it was reported, have told the Democrats they are ready to come down on their demands if the minority is willing to come up.

The state presently is operating on emergency funds which, according to estimates, would carry spending through the end of this month.

The \$1.46 billion measure can be financed out of the existing tax structure, with \$12 million in revenue to spare.

However, the money bill does not include such costly appro-

priations as aid to state-related and private colleges and universities, industrial development loans and college scholarships.

These individual appropriations, constituting the remainder of the Shafer budget, amount to approximately \$284 million.

On more routine matters, the two chambers took these actions:

**Samaritan** — The House sent to the Senate a bill which would exempt volunteer ambulance services and rescue squads from liability in transporting an

injured person to a hospital. The vote was 182-13.

**Traffic Safety** — The House passed a bill which would require used cars to pass state inspections before they are sold. The vote was 187-9, the measure going to the Senate.

## City Softball Race Tightens

The second half race in the City Softball League is going down to the wire.

Warren Auto Clinic dumped first place Nichols Service Center, 7-3, in the opener of a double-header at Carbon Memorial Field and Warren Beverage edged past Sons of Italy, 3-1, in the afternoon to finish its regular season schedule with a 2-3 mark and a share of the title.

Nichols, now 8-2, has two games remaining—both with Sons of Italy—and must take care to earn the second half crown. A 5-0 win would give Warren Beverage a tie for the title and a double Nichols loss would end the Beverage's berth in the championship series with first place Amner Warren Auto Clinic.

The Automen had to put down Nichols' rally in the sixth to secure the victory in the opener. Behind 3-1 going into the bottom of the frame, Nichols scored two runs when Bob Larson was hit by a pitched ball and Tom Johnson followed him with a home run.

DePierro tried to keep the lead secure with a two-out single, but it was pitcher Ken Sorenson who got the next batter to bounce back to the mound and he set the Sorenson down in order in the seventh.

Auto Clinic had taken a 1-0 edge in the top of the first on a lead-off single by Judy Lobdell on an error. Nichols tied it in the second as losing hurler Jim McMeans scored after being hit by a pitch on White's error. Three singles and an outman misplay.

The first two-run homer was by Warren Auto Clinic.

It was reported that the balance owed on the lights at Carbon Memorial field was down to \$1,747.75. The loop has paid off nearly \$8,000 of the total cost of lighting the field in five years.

Appreciation was extended to the Warren Boro Park Department for their work on Carbon Field prior to the District 7 tournament held here, and to the sponsors of this year's teams, who it was hoped would continue their affiliation with the league.

Plan for a one game playoff were laid in the event that the second half ends in a tie, with the winner meeting first half champion Warren Auto Clinic in a best two-of-three game series on August 23-24-25.

A year-end double elimination tournament is also planned, with all five league teams competing. The tourney is slated for August 28 through September 2, with 6:30 and 8 p.m. game times.

The league champion will draw a first round bye in the tourney.

It was also announced that Vince Pace is home from Vietnam and will play with the Nichols Service Center entry in the tourney.

## Rovers Take Third Gals Loop Crown

The Pussel Rovers clinched a League-wide Girls Softball League championship last night by routing the Aieles Angels, 22-5, in a victory boosted by the Rovers' record to 9-0 for the season. A 1-0 assured them of a third straight title.

In other contests, the Sugar Croc-Sweet carts ran their record to 5-2 with a 17-3 romp over the Aieles and the Irvine Indians won their sixth victory in a 1-0 shutout by routing the Glandier Valley Crushers, 10-11.

The Irvine Indians was the big winner for Russell in the defeat of Aieles as she played a grand slam home run, a three-run shot and added a single. Winning pitcher Tom Olson got plate work from a trio of batters by routing the Glandier Valley Crushers, 10-11.

# BoSox Climb to Third in Torrid AL Race

BOSTON (AP) — George Scott belted a pair of two-run homers and Reggie Smith contributed a solo blast, powering the Boston Red Sox to a 8-3 victory over the Detroit Tigers last night.

Scott drove in four runs and Smith two as the Red Sox moved into third place, one-half game ahead of Detroit, in the American League race.

Right-hander Darrell Brandon, recently demoted to the bullpen, picked up his fifth victory in 14 decisions by checking the Tigers on just three hits after replacing starter Lee Stange with none out in the third.

The Red Sox jumped on Detroit starter Denny McLain for three runs in the first. With two out, Carl Yastrzemski walked and scored on Scott's 15th homer.

The Tigers picked up two runs on a single by Willie Horton and Norm Cash's 16th homer and they added an unearned run on

Joe Foy's error in the third. Boston nailed down the victory in the third. Jose Tartabull beat out a bunt and took third on Yastrzemski's single.

Yastrzemski was thrown out trying to stretch the hit, but Scott followed with his second homer.

### ChiSox-Athletics

CHICAGO (AP) — Pete Ward drove in three runs with a pair of homers and Ken Boyer delivered a three-run single, keying the Chicago White Sox to a 14-1 rout of Kansas City last night.

Boyer, out of the starting lineup because of a pulled left leg muscle, pinch hit in the fourth inning and climaxed a five-run rally by smashing the ball over left fielder Danny Cater's head.

The blow cleared the bases which the White Sox had on with a third-strike passed ball, an intentional walk and a hit batsman. Ron Hansen went into run for Boyer, who barely made it to first base.

Ward slammed a solo homer in the second and connected with a man in the eighth.

Gary Peters, Chicago's ace

left-hander who hadn't won since July 23, was the beneficiary of the unusually potent White Sox attack, and picked up his 13th victory against six losses.

### Clemente Out With Bursitis

PITTSBURGH (AP) — Roberto Clemente, Pittsburgh's star rightfielder, missed his fourth straight game last night because of bursitis in the achilles tendon of his right foot.

Clemente, who is hitting .344, is available for pinch-hitting duty, according to Pirates' Manager Danny Murtaugh.

### Indians-Senators

WASHINGTON (AP) — Tony Horton's ninth inning double scored pinch runner Chuck Hinton with the only run of the game as Steve Hargan out-dueled Camilo Pascual and pitched Cleveland to a 1-0 victory over Washington last night.

Horton's hit was only the second of the game off Pascual, who had held the Indians hitless until the seventh. Leon Wagner drew a two-out walk in the ninth and Hinton went in to run. Then Horton connected.

Hargan finished with a three-hitter and didn't allow the first hit until the fifth when Allen broke up the double no-hitter with a single. He struck out 10.

Max Alvis ended Pascual's no-hit bid with two out in the seventh with a line single to left.

### Orioles-Yanks

NEW YORK (AP) — Frank Robinson hammered a three-run homer and drove in four Baltimore runs as the Orioles dropped the New York Yankees 5-4 last night.

Robinson, who doubled Curt Blefary home with Baltimore's first run in the opening inning against Al Downing, lifted his 23rd home run of the year in the sixth.

Blefary opened the sixth with a walk and when Mark Belanger bunted, John Kennedy threw late trying for the force at second. Robinson then tagged Downing's next pitch for the homer.

The Yankees scored in the seventh when Tom Tresh opened with a triple and scored on Bill Robinson's single.

New York knocked Tom Phoebus out in the eighth, scoring on consecutive singles by Jakeinson's Mickey Mantle and Joe Pepitone. Wally Bunker relieved and Brooks Robinson's error allowed another run to score.

Each team scored in the ninth.

## Bank Hosts Beverage For Makeup

Security-Peoples Trust, still smarting from a twin shellacking at the hands of Warren Beverage here last Sunday, plays host to the Beveragemen in a Glenwood League contest at 6:15 tonight on Erie's Bayview Field.

The contest is a replay of a game that was called after seven innings because of darkness on July 28 with the score tied at 5-5.

Another crucial loop game, tonight's tilt looms larger for the Beveragemen in the face of a doubleheader with league-leading Ferraro Ford at Girard on Sunday. To stay in contention for the second half crown, the locals would have to win at least two of the three games this week.

Now 10-2, Beverage plays only one more second half contest after Sunday. The Warren club has already captured the first half title and would like to take all the marbles without a play-off.

Scott Melville, undefeated left-hander for Beverage, is slated to pitch today, with Ted Sadowski and Jim Patterson as Sunday's probable starters.

Bill LaRosa will be back at the helm for this week's games. Sponsor Emmons Jones managed the Beveragemen to Sunday's twinbill romp over the Bankers in the absence of the club's skipper.

## City League Plans for '68 Season

With the present title race still in the balance, the City Softball League met earlier this week to plan for the 1968 season.

It was reported that the balance owed on the lights at Carbon Memorial field was down to \$1,747.75. The loop has paid off nearly \$8,000 of the total cost of lighting the field in five years.

Appreciation was extended to the Warren Boro Park Department for their work on Carbon Field prior to the District 7 tournament held here, and to the sponsors of this year's teams, who it was hoped would continue their affiliation with the league.

Plan for a one game playoff were laid in the event that the second half ends in a tie, with the winner meeting first half champion Warren Auto Clinic in a best two-of-three game series on August 23-24-25.

A year-end double elimination tournament is also planned, with all five league teams competing. The tourney is slated for August 28 through September 2, with 6:30 and 8 p.m. game times.

The league champion will draw a first round bye in the tourney.

It was also announced that Vince Pace is home from Vietnam and will play with the Nichols Service Center entry in the tourney.

## Rovers Take Third Gals Loop Crown

The Pussel Rovers clinched a League-wide Girls Softball League championship last night by routing the Aieles Angels, 22-5, in a victory boosted by the Rovers' record to 9-0 for the season. A 1-0 assured them of a third straight title.

In other contests, the Sugar Croc-Sweet carts ran their record to 5-2 with a 17-3 romp over the Aieles and the Irvine Indians won their sixth victory in a 1-0 shutout by routing the Glandier Valley Crushers, 10-11.

The Irvine Indians was the big winner for Russell in the defeat of Aieles as she played a grand slam home run, a three-run shot and added a single. Winning pitcher Tom Olson got plate work from a trio of batters by routing the Glandier Valley Crushers, 10-11.

### LA VON SABER REPEATS IN PUFF RACE

Littlefield 'Doubles Up' In Speedway's Features

By DAN PRATZ  
Gerry Littlefield proved his driving ability last night as he captured two "big" feature wins, a heat race and the first semi at Warren Sports Speedway.

Littlefield's car was also victorious in the powder puff as LaVon Saber picked up her third win in the girls' event.

Skip Overbeck captured the "small" feature win which had been postponed due to rain, Chuck Stevenson and Bob Ishman ran second and third, respectively.

Littlefield had no trouble in capturing the "big" feature. Dave Littlefield paced the pack for six laps, but Gerry worked his way through and took the lead to the finish. Dick Sampson ran second and Max Blair captured the third place spot.

In the regular nights program, Overbeck led all contenders in the qualifying race. Bob Patch drove to the second place position, and Wayne Haines copped third.

In the first semi of the night, Blair led early in the race and was soon paced by Littlefield. Blair and Littlefield battled it out and with three laps to go, Blair lost control and hit the wall. Littlefield went on to an easy victory. Gus Rode ran second and Blair had to settle for third.

The second semi was an easy win by Wayne Haines. Haines ran way out in front early in the race and managed to stay there to pick up the win. Dick Sampson raced to the second place

position and Overbeck settled for third.

Littlefield started back in the pack for the "big" feature, but soon worked through the traffic and was confounding with Overbeck for the first place spot.

Overbeck lost the lead with only five laps to go as Littlefield whizzed by for an easy victory and collected his second \$100 feature win of the evening.

When the women got behind the wheels, however, it was a different story. There was no stopping the twenty-one powder puff drivers and they did more damage than the men thought possible.

LaVon Saber, winner of the event for the third time, rolled on to the track in a pink and black racer, which she built herself. LaVon failed to use her auto, however.

When Littlefield offered the lady his car to win the event, she just couldn't refuse.

Well over a thousand fans delighted to the antics of the powder puff race and were spurred to their feet to cheer for their favorite driver.

Anyone not able to make the tryouts should contact Head Coach Joe Shantz at 723-5879.

## Yank Track Team Leads At Germany

By KEITH WOOLHOUSE  
Associated Press Sports Writer  
DUESSELDORF, Germany (AP) — The United States took a 56-49 lead over West Germany last night in the opening of their two-day dual track and field meet.

The Americans had been expected to pile up a much bigger lead for the 10 events, but their domination never materialized. A near capacity crowd of 40,000 lined the floodlit Rhine Stadium for the meet despite a cloudburst an hour before the start and a steady drizzle afterwards that made the going extremely heavy.

The Germans surprised by finishing one-two in both the 800 meters and 5,000 meters.

German ace Fran Josef Kemper won the 800 in 1:46.2 over teammate Walter Adams. Wade Bell of Ogden, Utah faded in the last 200 meters to finish fourth while Kemper streaked away to win easily.

Harald Norpoth won the 5,000 meters in 13:41.2 over his teammate Hans Gerlach. Arthur Van Nelson of the U.S. set the pace until the final 500 yards when Norpoth spurred and drew away. Gerlach came on at the end and beat Van Nelson by one yard for second place.

Willie Davenport of Baton Rouge, La. won the 110-meter hurdles in 13.6 when Earl McCullough of Long Beach, Calif., stumbled after striking the fifth hurdle and dropped out.

Other American victories were scored by Ed Burke of Newport Beach, Calif., in the hammer throw, Dick Railsback in the pole vault, the 400-meter relay, and Ralph Boston in the broad jump.

Bill Toomey of Laguna Beach, Calif., led after five events of the decathlon with 4,171 points. The remaining five events of the decathlon and 11 other events are to be decided today.

### Sets Mile Mark

BELFAST, Northern Ireland (AP) — Kipchoge Keino, of Kenya, set a Northern Ireland one mile record of 3:57.2 last night.

Derek Graham of Britain finished second in 3:59.4. Keino broke the old mark by almost eight seconds.

TWO POINTS WORTH THREE BILLS

Warren Sports Boosters President Murray McComas (left) informally dedicated the new outdoor basketball court at Beaty Field yesterday by sinking a one-hander (left, at that) worth \$300. The check attached to the ball is the Boosters' donation toward construction of

the court, funds derived from the football program project last season. Waiting for the lucrative rebound are (left to right) Boro Manager Vic Miller, Booster Treasurer Shurl Glass and Parks Superintendent Jim Reier, whose department furnished the labor. (Photo by Mansfield)

## Bow Permits Available By Mailing

Warren County Treasurer Jack McCool has announced that, for the first time, his office is offering bow hunters the opportunity of purchasing their licenses by mail through the use of the Archery License and Resident Hunting License that appear at right.

In applying for the Archery License by mail, the applicant should include 10 cents for return postage in addition to the regular fee of \$2.15. Postage in the same amount should be included with hunting license applications that are to be processed by mail.

McCool reminds archers that, as in the past, anyone who wants to purchase an Archery License must first obtain a resident or nonresident hunting license.

The 1967-68 Hunting and Archery licenses will go on sale at the County Treasurer's Office on Monday.

This is the only time the TMO will run the permit forms at right and archers are advised to clip and mail same.

Individual checks or Money Orders must be submitted for each type of license ordered.

# Ortiz Earns Easy Decision To Keep Title over Laguna

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP) — Light-weight champion Carlos Ortiz had too much power for flashy Ismael Laguna of Panama as he staggered the Panamanian repeatedly in winning the unanimous decision in their 15-round title fight at Shea Stadium last night.

The 30-year-old champion got off to a tremendous start, staggering his 24-year old rival three times in the first five rounds. He faded under Laguna's buzz-saw comeback in the sixth through ninth rounds, and then came roaring back with another blazing attack in the last six rounds.

Referee Art Mercante and judge Al Berl each had Ortiz ahead in rounds, 10 to 4 with one even. Judge Jack Bordon had Ortiz the winner 11-3-1. The Associated Press had Ortiz ahead 11-3-1.

There were no knockdowns but the tall, slender challenger was staggered in the second, fourth, fifth, 11th and 14th rounds by the solid blows of the wide-shouldered, strong-armed Puerto Rican-born New Yorker. Ortiz was nicked over both eyes and cut under the right eye. The cuts didn't hamper Ortiz.

This was the third and rubber title fight between the two who each weighed the limit of 135 pounds.

Laguna took the title from Ortiz in 1965 on a 15-round decision at Panama City but lost it back to the veteran at San Juan, Puerto Rico seven months later.

They were even money in the betting.

This was Ortiz' 11th victory against one defeat in lightweight title fights. Since he regained the crown from Laguna, he racked up knockouts in four straight title defenses. This was his fifth title win in two years.

A cheering and flag-waving crowd of about 18,000 took the verdict in a sportsmanlike manner. Both fighters had made appeals to their supporters before the fight to accept the verdict like sportsmen.

Madison Square Garden,

which ran the show at outdoor stadium, had plenty of special police all over the park. City policemen also were massed around the stadium in case any trouble developed. There was fear of disorders because of three bottle-throwing riots with in a 21-months span at the Garden after Puerto Rican fighters had lost decisions.

Ortiz threw his first bomb in the second round when he nailed Laguna with a left and right to the jaw. In the fourth a jarring right hurt Laguna and buckled his knees. In the eighth another jolting right to the jaw had Laguna in trouble.

But midway in the fifth the fast-punching, fast-moving tiger brought his supporters to their feet by letting loose with both hands.

Then in the next four rounds Laguna had his fans roaring and the Puerto Ricans anxious as he went after the seemingly tiring champion with both hands. He scored with jabs, hooks, uppercuts and combinations to the head and body. It seemed the tide had turned strongly.

But in the 10th Ortiz came alive again. He started landing solidly with right hands to the

jaw and in the 11th he shook up his taller foe again.

From then on it was all Ortiz. The veteran worked with precision as Laguna dashed about the ring, trying to wear down Carlos with flurries.

But Laguna didn't have the sting in his swarms of punches. Ortiz had all the power.

Ortiz was guaranteed \$83,000 or 45 per cent of the net gate and \$50,000 television receipts. Laguna received a flat guarantee of \$20,000.

Ortiz' record is 51-5-1. He has lost only once in six years. Laguna's record is 47-5-1.

### Stowaways Have Boring Trip

NEW BRIGHTON, Pa. (AP) — Two 17-year-olds who stowed away on the Queen Elizabeth to break the monotony of a slow summer returned home yesterday and said it was a bore.

"The FBI didn't think it was very funny either," said Paul Battiste. He and Barry Sabol spent 11 days locked in a room

with bars over the portholes after they decided to give themselves up three days at sea.

"You get pretty tired of those little sandwiches they have at the bar," he said.

The two boys, who said they decided on the spur of the moment to stay aboard while touring the ocean liner at the New York docks.

The Queen Elizabeth returned to New York Tuesday and the boys' parents picked them up.

"The FBI talked to us before we got off," Paul said. "They said if we ever did anything like this again, they would just about guarantee that we will have had it."

#### 10 DAYS BEHIND SCHEDULE

### Campaign in Viet Provinces

By R. W. APPLE JR.  
(c) N. Y. Times News Service  
BIENHOA, South Vietnam — South Vietnam's civilian presidential candidates finally took their campaign to the provinces yesterday, 10 days behind schedule.

With the election less than three weeks away, the civilians appeared yesterday morning at a sparsely attended rally at Bienhoa, 15 miles north of Saigon. Bienhoa is the site of a big allied air base and ground forces headquarters and the capital of a province with 174,000 registered voters.

The candidates' provincial tour was called off on Aug. 6 after an incident at Quangtri City in central Vietnam. The civilians charged that the ruling generals were attempting to sabotage the election and refused to budge from Saigon until they had been promised adequate logistic support.

Neither of the members of the military ticket — Lt. Gen.

Nguyen Van Thieu, the chief of state and presidential candidate, nor Premier Nguyen Cao Ky, the vice presidential nominee—came to Bienhoa. Nor did their campaign manager, Nguyen Van Loc. The ticket was represented by a local surgeon and politician, Dr. Vo Van Cui.

Dr. Cui said the generals were unable to appear because of "their official duties." They have almost completely ignored the joint campaign meetings so far, creating resentment among their opponents. One candidate said yesterday he felt as if he were "debating a phantom."

No more than 1,500 persons were in yesterday's audience at a time, and most of the time there were far fewer. Each

### Integration Progress Is Made

WASHINGTON (AP) — Southern school officials are showing a new willingness to meet the government's demands for school desegregation, says a federal civil rights enforcement director.

Peter Libassi, head of the Health, Education and Welfare Department's office of civil rights, said in an interview there is an atmosphere of "compliance rather than defiance" in the South this year.

This, he added, is "markedly different from last year."

Libassi said that a year ago many school officials were not sure that the department's guidelines for gradual desegregation were legal, and some school men were arguing they were not.

Now, he said, Southern educators not only aren't fighting compliance efforts but they are developing plans on their own to eliminate the dual school system for whites and Negroes.

Why the big change? Libassi listed these reasons:

—The guidelines were ruled constitutional last December by the 5th U.S. Circuit Court of Appeals, and the Supreme Court in April refused to review the decision.

—The Welfare Department's compliance program survived a major crisis during the past year when it emerged unscathed from congressional hearings and withstood attempts by some congressmen to restrict it.

—1966 was an election year and "a lot of opposition boiled up."

Libassi said enforcement operations are gathering speed now that "we have eliminated the most resistive schools." In the first six months of this year 77 Southern school districts were given notices of hearings on whether their federal funds should be cut off for noncompliance, he said. During the same period last year there were 30 notices.

The U.S. Commission on Civil Rights found that during the last school year 16.9 per cent of the Negro pupils in the 11 Southern states were attending schools which were not all-Negro. The year before, the percentage was 7.5.

The commission also found that many private, segregated schools have been springing up in the South. During the last school year there were 67 such schools in Louisiana, 44 in South Carolina, 35 in Mississippi, 29 in Virginia and 13 in Alabama.

#### Germans Like U. S.

F R A N K F U R T, Germany (AP) — Two out of three West Germans—67 per cent—consider the United States their best friend economically and politically, according to a poll taken by the Wickert Institute of Tübingen. Seventeen per cent thought their best friends were British and 11 per cent favored the French. Five per cent said they favored none of the three.

### Marijuana Ingredient Is Isolated

WASHINGTON (AP) — American and Israeli chemists reported yesterday the first practical method for artificially reproducing the two intoxicating ingredients of marijuana.

The scientists said the development finally opens the way to much greater understanding of how the smoke from marijuana acts on the body as a whole, how it affects the brain—and whether it has additional dangerous side effects.

They said that, up to now, the mind-affecting action of marijuana-like drugs on humans cannot be accurately predicted from the action of the natural drugs in various laboratory animals.

Moreover, they said, isolation of the key intoxicating ingredients from the natural marijuana plant is tedious and impractical. Thus, a search has been under way for a practical method to synthesize—duplicate artificially—these ingredients, and produce them in a pure form suitable for research.

Achievement of this was reported in separate communications to the Journal of The American Chemical Society by research teams from the two countries.

They said syntheses of both ingredients involve relatively simple processes, employing starting materials widely available to chemists. Thus, marijuana researchers should be able to obtain plenty of the synthetic stuff for extensive studies in animals and human volunteers, they said.

The intoxicating ingredients of marijuana—both the natural and manmade types—are called "tetrahydrocannabinols."

#### Bengalis Aid Hanoi

CALCUTTA (AP) — Eastern India's Communist-influenced West Bengal state government has decided to send blood plasma to what it calls "the valiant fighters of North Vietnam." State Health Minister Nani Bhattacharya said a Bengal peace council has been formed to help Hanoi oppose "American imperialism."

#### VIET POSTERS UP

The on-again off-again Vietnamese election campaign got off to another start in Saigon Tuesday as a workman pasted up posters touting various civilian candidates.

### Teamsters Buy \$1.2 Million in Israel Bonds

PITTSBURGH (AP) — The International Brotherhood of Teamsters bought \$1.2 million worth of Israel bonds yesterday.

Harry A. Tevis, the union's third international vice president, handed a check to William Portnoy, Pittsburgh manager for Israel bonds, who said the money would be used for post-war reconstruction in Israel. Tevis said "the Teamsters are earnest and eager to help that nation (Israel) regain its strength in the costly aftermath of a war which was inflicted on her."

#### Tomb May be Found

LONDON (AP)—The tomb of Judge George Jeffreys, who gained notoriety with his Bloody Assize in which hundreds were executed or transported in 1685, may be found when excavations are resumed in October on the site of St. Mary Aldermanbury in the City of London.

The church was recently demolished and shipped to Fulton, Mo., as a memorial to Sir Winston Churchill. Prof. W. F. Grimes, director of London University's Institute of Archaeology, believes Judge Jeffreys is buried on the eastern side of where it stood.

"SEW WHAT'S NEW" is the refresher course in the art of sewing which will be conducted by Mrs. Luella Barrett on Tuesday, August 22nd, at the Town Barn, at 1 p. m. and again at 7 p. m. In the afternoon, a style show will be modeled by the fifty teenage members of this summer's teenage sewing classes. So that no one will be disappointed — expecting to see the show at night — there will be no repetition of the fashion show in the evening session. Everyone who has an interest in sewing is urged to come and bring a friend.

A FAMILY PICNIC at the summer home of the William Brookers, Dunn's Eddy, on Saturday, was given in honor of the John W. Brookers visiting here from Largo, Florida. Formerly of Warren, the Brookers have spent the summer in this area as guests of their son, Harry Brookers, and Mrs. Brookers's sister, Mrs. A. B. Goodwill of Endeavor. Over forty were present last Saturday for entertainment that included games and a tureen supper. The Brookers expect to return to their southern home sometime in September.

NEXT MONDAY, TEENAGERS at Warren State Hospital will be the guests of the Ave Maria Society of St. Clara's-St. Anthony's Parish at the St. Paul Center, Saybrook. Music for dancing will be provided by the "Fifth Image" band — and all teenagers of the parish are most welcome to come — There is no admission charge.

OPEN CHURCH is to be observed by Miss Lann Kay Shield for her marriage to Christopher Bailey Creal. The wedding service will take place in Grace Methodist Church on Saturday, August 19th, at 2:30 that afternoon. The bride is the daughter of Mr. and Mrs. Edward Shield, 907 Conewango avenue, and the groom is the son of Mr. and Mrs. Thomas K. Creal II, of 304 Quaker rd.

MINIATURES: The Lady Warren Rebekahs will meet on Friday evening at 8 o'clock.

## Ann Landers

### Answers Your Problems

DEAR ANN LANDERS: I had a bridge game last night and invited a substitute. The woman hadn't been in my home 20 minutes when she received a phone call. It seems her poodle was upset when she left the house and her husband couldn't quiet her. We heard him say, "Madame Lazonga is having a nervous breakdown. Please speak to her for a few minutes."

The woman talked to that dog for 12 minutes. I could feel my blood pressure mounting. After she hung up she said, "Madame Lazonga is just like a child. You girls who have children know what it's like when a youngster won't go to sleep."

I repeated the interruption, but I repeated the comparison even more. Will you comment please?—STILL STEAMING

DEAR STILL: Well, here we go again. Every time I say pets are pets and should not be confused with people, about 20,000 animal lovers accuse me of being a mean old woman, a Communist and mentally ill. I will simply say there is a line to be drawn and rational people know where to draw it.

DEAR ANN LANDERS: Recently you printed a letter from a wife who was mad because her husband wouldn't roll up the tube or toothpaste. Then a nitwit wrote that she was ready to leave her husband because he kept saying "without" instead of "unless." Another nut was hysterical because her husband wouldn't let her see him without his dentures. She felt "left out."

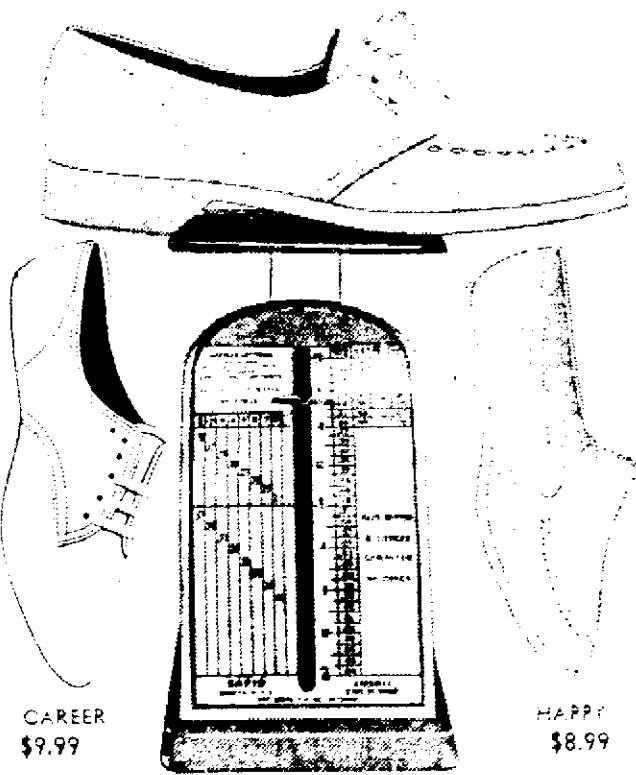

An old maid wants to call the police because her neighbor hangs out the wash on Sunday. A teen-ager gripes because Mom flicks the porch light off and on while she is saying good night to her boy friend. A young kid screams his head off because he spent \$14 on a girl and she didn't kiss him good night.

The trouble with these lunatics is they have never had any real trouble in their lives. Why do people write about such trifles anyway? And why do you print such nonsense?—OTTAWA MALE

DEAR OT: Letters like the ones you describe serve a useful purpose because they help put the twobit, penny ante gripes in proper perspective. Now what is YOUR problem, Mister?

Too many couples go from matrimony to acrimony. Don't let your marriage flop before it gets started. Send for Ann Landers' booklet, "Marriage—What To Expect." Send your request to Ann Landers in care of your newspaper enclosing 50 cents in coin and a long, stamped, self-addressed envelope. Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

Rangers: Dave Reagle, president; Jim Johnson, vice president; Bob Seymour, treasurer; Hope Nelson, secretary; Dick Carlson, sergeant-at-arms; John Strickroth, activities coordinator; and Dutch Hofmann, communications officer.

Pete Baxter, outgoing president, will serve three years on the board of directors; Carl Smith, two years; Ken Whaley, one year.

The C. B. Rangers are to work the parade for the Garland Gala Days, on August 20, Chairman of the committee, Dave Reagle, asks anyone who can help to contact him.

The club received two plaques since the last meeting: from the Painesville, Ohio, coffee-break, and from the Titusville C. B. club for the largest caravan attending their coffeebreak.

Announcement was made that the Kiski Valley C. B. Radio Assn., will hold a coffeebreak on Sunday, August 20, in West Leechburg, Penna. Carl Smith also announced that workers were needed for the Donkey Dunk at the Youngsville-Warren Fair, now in progress.

"Stoker" Hines was ballotted for membership and was accepted, and four new applications were submitted. They will be acted upon at the meeting of September 12. Douglas Irvin, an area C. B.'er was introduced to the club as guest of one of the members.

### Grange Notes

At the regular meeting of Warren Grange, the charter was draped and brief memorial was held for Dr. Leroy Chapman and the lecturer had a safety program.

Those taking part included Esther Gustafson, Zella Wood, Anna Perrine. The program opened with everyone singing "My Auto."

The next meeting will be on August 21, and will be preceded by a tureen dinner at 6 o'clock. Nomination of officers for the new season will also be held.

The Warren Grange Home Economics Group will hold a picnic at noon at Crescent Park, August 22. In case of rain it will be in Grange Hall.

### Hager Family

### Reunion Is Held

The 12th Annual Reunion of the Hager family was held on Sunday, August 13, at the home of Mr. and Mrs. Albert Anderson, Chesley's Cove, Chautauque Lake. There were twenty-two members and one guest, Mrs. Lawrence, from New Jersey, present.

Leonard Hager, president, presided at the business meeting, after a buffet lunch was served. The present slate of officers were re-elected as follows: President — Leonard Hager, vice president — Howard Lindstrom, secretary — Mrs. Leonard Hager, treasurer — Howard Lindstrom, historian — Mrs. Albert Anderson. The next reunion will be held at the home of Mr. and Mrs. Albert Anderson, Chesley's Cove, on the last Sunday in July, 1968, which falls on the 29th.

## Hill And Dale Flower Show Now Only Two Weeks Away

In two weeks the Hill and Dale Garden Club of Northern Area will present its 12th annual flower show at the Lander Methodist Parish House. The date is Thursday, August 31, from 2 to 9 p. m. Working on the flower show committee are Mrs. Alfred Atkins, Mrs. Francis Lewis, Mrs. Scott Stuart Jr., Mrs. Walter Sweeney, Mrs. Leonard Siliano and Mrs. Clyde Arthur Jr.

The committee invites the public to attend and to exhibit. Tea will be served. The various divisions of the show are subdivided into classes (41 in all) as follows:

Annuals — Ageratum; aster; bachelor button; balsam; calceola; celosia (cockcomb); cosmos; dianthus; helianthus; marigold; petunia; snapdragon; stocks; zinnia; annual (new); annual (unusual); any other annual not listed; mums (stock).

Perennials — Chrysanthemums; delphinium; pansy; roses; tuberosa begonia; dahlia; gladiolus; any other perennial not listed.

House Plants — Flowering plant; foliage plant; African violets.

Design Division — In this division flowers need not be grown by exhibitor. Accessories and backgrounds permitted in all classes. Niches

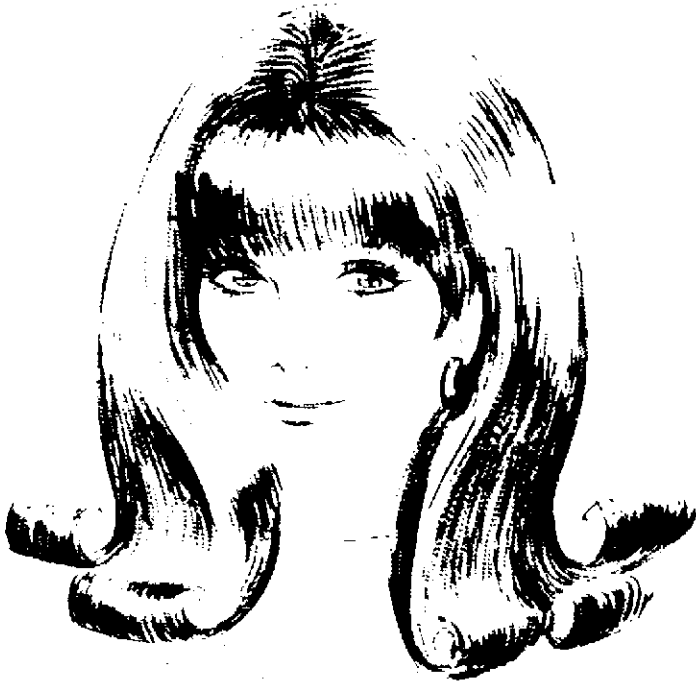

are natural background. The theme is "Our Beautiful America" and four of the following are eligible for the "Tricolor Award", as indicated: America's Jewels; Dawn's Early Light; Beauty Is Our Business (novice class); Sunset Scene (eligible for award); America Tomorrow (eligible for award); Green Acres (eligible for award); Winter Wonderland; Roadside Beauty (eligible for award); Indian Summer.

Junior Division — for 6 to 10 years, and, 11 to 14 years: Horticulture annual, and perennial; Design Division, Smokey The Bear, and Over The Rainbow; Therapy Division, display of arrangements, and, horticulture display.

For complete details those interested in exhibiting should contact a member of the committee. Programs have been printed covering all the rules and regulations of the flower show.

### FLATTERING HAIR FASHION FORECAST FOR AUTUMN

Every girl will be a living doll this Fall, according to the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. To cinch it, this hair fashion authority of the beauty profession has named its new Fall collection, the Living Doll Hair Fashions.

Maybe this is a reaction to sleek and severely geometric influences from abroad, or maybe it's simply a wholesome hunger for sheer feminine beauty. Whatever the cause, the new styles are unmistakably girlish and alive.

For example, the two dominant notes in the Living Doll Hair Fashions are curve and curl. What could be more feminine? Nevertheless, curve and curl have been put together before. What makes the Living Doll styles particularly new is the way the curves and curls are used.

Specifically, the curves dominate only one area of the head, the front, while curls take over another part of the head, the back crown area. There is practically no intrusion of one into the area of the other. The result is a split, or two-way look that does wonders for you with the lighthearted fashion in clothing.

The curves in the front and forward sections of the new styles, especially around the face, are designed into sweeping curves that give a lot of play to the eyes. There is an understated elegance in the simplicity of the curves, which also help form a face-on silhouette that resembles a slender oval. This,

and its small proportions, mark the style as basically a small head look.

Bangs appear in most of the collection, lightly sweeping one side of the forehead. In most cases, they stand away from the head, usually with a sassy flip-up over one eye. Ears are generally revealed, and dabbed with rouge and jewels.

The curls in the back crown area run a gamut of forms, either kinky ringlets, floppy curls, or spiralled baby doll locks. All are bouncy and very much alive. All, too, give a rise to the high crown area, and their intricate detail gives a bold contrast to the soft curves up front.

If you don't have your own curls, hair pieces are ideal, or even single locks individually pinned into place. The individual locks are particularly effective for evening, and as dance all night curls.

Highly necessary for the new styles is a special Living Doll haircut, which actually cuts the design of the style to the proportions of your head and the shape of your face. For the unquestionably young, and women who appreciate the freedom of short hair, lengths range from zero at the nape to about 5 1/2 inches at the crown. Sides range from about 2 1/2 to 4 1/2 inches. Lengths at the front vary according to the individual design. For women who prefer longer hair, length at the nape will range from zero to an inch, graduating to about 7 1/2 inches in

the crown area with lengths at the sides from 4 1/2 to 5 1/2 inches. Equally important is a dual permanent wave which actually is designed for your style. It involves a support wave for the curves in the front and a curly wave for the crown.

Hair coloring, too, must be planned for the design of your style, and to give it a lot of shimmer and glow. The big news is multichromatic usage of color with frosting splashing the top sections, or streaks giving accents to the design, particularly in the front and top areas.

Color combinations include bursts of silver lightning for rich auburns, dark chocolate browns with rays of sparkling silver, taupe with coffee cream streaks, beige rose with platinum frostings, melon with splashes of soft warm browns, caramel blonde with streaks of flashing red, and brown blacks with bursts of beige blending into platinum.

In make-up, doll eyes make big news, big, round, dark eyes shadowed with browns, blacks, beiges and whites, and framed with long dark eyelashes that are used on the bottom lid, as well as the top. Eyebrows are lifted and round, somewhat full. Lips form an elongated oval with light, strong coral shades taking over. A lot of lip gloss is imperative. Base foundations are lighter, but not pink, simply beige and light tan, olive, rachel, and in mat and gloss finishes. Rouge tends to orange shades, light and medium.

### Lady Sheriff

MT. STERLING, Md. (AP) — Mrs. Wanda Busen, mother of seven children, is sheriff of Brown County. Her chief deputy is James Busen, her husband.

Busen, former sheriff, was unable to succeed himself according to the state constitution, so his wife was asked to run in his place. She had been his chief

deputy, keeping books, serving as radio operator and director of Brown County Civil Defense. "I ran on the premise that although I would be sheriff, Jim would be the chief deputy and acting sheriff," she explains. "I continue to do the book work and serve as radio operator and he continues to give the same service as previously."

### Hints From Heloise

### New Way To Paint Old Porch

DEAR FOLKS:

I can't write this hint fast enough!

I've found a NEW way to paint an OLD wooden porch!

This idea was born out of necessity because I couldn't find a paint brush.

This porch hadn't been painted in five years and the paint was off practically down to the wood. 'Twas really in bad shape

I happened to have one of those cheap synthetic sponges, so I just put on rubber gloves, dipped the sponge halfway into the well-stirred paint and started smearing. And smear I did ...

Wow! I could paint four times as fast. The paint-soaked sponge literally filled up all the nail holes and cracks, flowing into place where it was needed the most. (I found

a brush didn't do this. It up plies the paint TOO evenly.) And by coming back across the boards lightly as if I were using a brush, I didn't even make a brush stroke! The sponge doesn't leave a streak!

I don't advocate doing this while the sun is shining on your porch because the lumber is hot and will dry the paint too fast.

Be certain to let it dry THOROUGHLY because you can't paint over wet wood.

No friends (and let's hope husbands pay attention), give it a try. You won't even have a brush to clean.

And be sure to have an extra sponge and a pair of gloves handy that fit your husband. Who knows, he may decide to help you!

## Thursday's TV Highlights

**LUCY-DESI COMEDY HOUR** at 7:30 p.m. on Chs. 4, 35, and 10 has husband-and-wife guest stars Howard Duff and Ida Lupino joining Lucille Ball and Desi Arnaz for a mixed-up weekend at a wilderness lodge.

**AN EVENING AT TANGLEWOOD** at 7:30 p.m. on Chs. 2, 6, and 12 features a summer evening concert by the Boston Symphony Orchestra conducted by Erich Leinsdorf colorcast live from the annual Berkshire Festival at Tanglewood, Lenox, Mass. Guest soloist will be Israeli violinist Itzhak Perlman. The performance includes Mozart's Overture to "The Abduction from the Seraglio," Dvorak's Symphony No. 9 in E Minor, Tchaikovsky's "1812" Overture, and Saint-Saens' Introduction and Rondo Capriccioso.

**BEWITCHED** at 8:30 p.m. on Ch. 7 repeats "Charlie Harper, Winner," in which Joanna Moore guest stars as a former

campus queen who tries to be little Samantha.

**CBS THURSDAY NIGHT MOVIE** at 9 p.m. on Chs. 4, 35, and 10 screens a Biblical spectacular, "Barabbas," starring Anthony Quinn in the title role, with Silvana Mangano, Arthur Kennedy and Katy Jurado. It's the story of the drunken brawler, thief and killer, Barabbas, whose life was spared and who was given his freedom when Christ was condemned to take his place on the Cross. The film searches for the meaning in Barabbas' singular and revealing life and the spirit of ancient Rome.

**DEAN MARTIN SUMMER SHOW** with Vic Damone at 10 p.m. on Chs. 2, 6, and 12 has guest stars Don Cherry, Clair and McMahon, and Flip Wilson. WHO IN '68? is an ABC News special at 10 p.m. on Ch. 7. It focuses on the potential Republican Presidential candidates and examines the divisions within the Democratic Party.

Today's TOP VIEW vote result places "Jeopardy" in the favorite category (NBC might find it advantageous to give this program an evening time slot):

Jeopardy, NBC, 79.1%, very good.

Eye Guess, NBC, 63.4%, good.

Everybody's Talking, ABC, 49.9%, average.

PDQ, NBC, 40.1%, below average.

Today's ballot lists the last of the daytime serials (so called "soap operas"). We ask new readers to join the voting to help make this nationwide newspaper TV survey a success.

### READERS SPEAK

Dear TV, "Jeopardy" is the very best of all TV programs. It's educational. Wish we had more such. —Ruth Norman, Lewisburg, Tenn.

Dear TV: "Jeopardy" is the best game show on TV simply because it tests your intelligence and, also, if you play along as I do, you can increase your mental capacity. —Dan Kroger, Fort Lauderdale, Fla.

Dear TV: I am 13. I am deaf and unable to hear music, but I would like programs with captioned reading at the bottom of pictures so I could read and understand. —Lynn Dennman, San Jose, Calif.

captioned reading at the bottom of pictures so I could read and understand. —Lynn Dennman, San Jose, Calif.

Dear TV: When we have people in for the evening and when we go out at night, there is no TV. Record players seem to be the major interest at present. I know when I travel I listen to radio as do so many traveling men who stay at hotels and motels. When I make reservations I request a radio. Why don't you conduct a poll on what people think of TV programming? —Fred Jelsena, Rapid City, S. D. (Watch for end of month ballot for suggestions on how to improve summer programming.—Ed.)

Dear TV: Can't understand why networks start in July boring us with new season week which doesn't start until September! Soon you find yourself hating NBC, ABC, and CBS. Also can't understand removing such shows as "The Monroes" but leaving such as "Batman"! —Mrs. W. F. Williams, Waco, Tex.

Dear TV: I am an old-timer show-biz performer. Get rid of some nighttime Westerns and give more specials, etc. —Oliver Fredricks, San Jose, Calif.

**ORDNANCE**  
NO. 876  
PROVIDING FOR THE ACQUISITION OF LANDS AT THE FOOT OF OAK STREET IN THE EIGHTH WARD OF WARREN BOROUGH BY THE BOROUGH OF WARREN FOR THE PURPOSE OF ESTABLISHING THEREON A PARK, PLAYGROUND AND RECREATION PLACE.

WHEREAS, The Mayor and Town Council of the Borough of Warren, hereinafter referred to as Borough, desires to acquire a fee simple title to the lands hereinafter described for the purpose of establishing thereon a park, playground and recreation place.

WHEREAS, The Borough Code authorizes boroughs in accordance with proceedings set forth in the law governing Eminent Domain to enter upon, appropriate, injure or destroy private lands, property or material for the purpose of establishing parks, playgrounds and recreation places.

NOW, THEREFORE, The Mayor and Town Council of the Borough of Warren hereby enacts and ordains as follows: SECTION 1. Pursuant to authority conferred upon the Borough by law, the acquisition of a fee simple title in the following described parcels of land, owned by the following named persons, together with the removal or relocation of all buildings, pipelines, tanks, walls, or other structures within the confines of said parcels, is deemed necessary for the establishment thereon of a park, playground and recreation place and said acquisition is deemed to be for the best interests of the Borough. The parcels of land hereby acquired in fee simple together with the names of the owners of said parcels of land are as follows:

A fee simple interest in the following property interests in the following described parcels of land situate in Warren Borough, Pennsylvania, owned by Charles L. McCool and Jack E. McCool, copartners in said parcels of land and the interest therein being described as follows: Parcel 1. All of the petroleum, oil and gas lying in, under and beneath all of that certain piece or parcel of land situate in Warren Borough (formerly Glade Township), Warren County, Pennsylvania, and being a portion of the land conveyed to Sarah A. Allen by the Estate of Thomas S. Allen, deceased, by deed bearing date of April 2, 1900 and recorded March 28, 1906 in the Records Office of Warren County in Deed Book 101 at page 451 and being a portion of what is commonly known

as "The Point" and bounded and described as follows: Beginning at a stake in the southerly line of Peach Street (formerly Walnut Street), standing at a point 27.3 feet eastwardly from where a projection of the westerly line of Oak Street would intersect the same; thence south 61° 12' west 409.4 feet to the right of way of the Pennsylvania Railroad, formerly Western New York and Pennsylvania Railroad; thence by said right of way westwardly to the Allegheny River; thence northwardly along said river to its junction with the Conewango Creek; thence northeastwardly up said Creek to the above mentioned southerly line of Peach Street; thence south 43° 15' east by said street line to the place of beginning, containing about 2 1/2 acres of land be the same more or less.

Parcel 2. All the oil, gas and minerals in, under and upon all that certain piece or parcel of land situate in Warren Borough, Warren County, Pennsylvania, being one large island situate at the mouth of the Conewango Creek next to city point tract supposed to contain from two to three acres and being a portion of the same land conveyed by Lewis Arnett and others to Mathias Stonaker by deed dated October 8, 1849 and recorded in Deed Book "L" at page 168 and being also the same premises conveyed to William O'Neil by S. E. Walker and Cinderella J. Walker, his wife, by deed dated September 28, 1917 and recorded in Deed Book 124 at page 798.

SECTION 2. The Borough of Warren by virtue of its powers of Eminent Domain hereby appropriates and takes a fee simple interest in and to the property interests in the aforesaid parcels of land as hereinbefore described in Section 1 of this Ordinance, and in connection therewith takes and appropriates all buildings, pipelines, tanks, wells, bridges, walls, and other structures located or partially located within the parcels of land hereby condemned, and all of the interests of Charles L. McCool and Jack E. McCool in said lands as copartners or otherwise are taken and appropriated by this Ordinance. Drawings showing the location of the surface of the property interests hereby taken and appropriated are on file in the office of the Borough Secretary.

SECTION 3. The President or Vice President of Council of the Borough Manager are hereby authorized and directed to execute in behalf of the Borough of Warren all papers, pleadings, notices or other documents required under any and all of the provisions of the Eminent Domain Code (Act of June 22, 1964, Special Session P.L. 84) and by The Borough Code. The Borough Manager and the Borough Solicitor are hereby authorized and directed to act in behalf of the Borough of Warren in all other matters in connection with the taking of the aforesaid lands.

Mission Covenant Vacation Bible School....

The Mission Covenant Church of Sugar Grove recently completed a three-week Vacation Bible School, which had an enrollment of 34 pupils. The Rev. David Vennberg was director of the school and also taught the junior high class. Other teachers were Joan Eckstrom, juniors, Miss Lillian Landin, middle, Joyce Olson, kindergarten, and Mrs. Melburn Landin, primary. Helpers were Crystal Olson, Marsha Mikrut, Irma Ford and Debbie Hildum.

The school supported a missionary project. A picnic was held on the closing Friday, and the program was presented during the Sunday morning worship service. At this time, Mark Landin played the piano prelude and Mary Jo Eckstrom played the offertory. The Scripture reading was by Marsha Mikrut. Songs and Bible verses were given by the various classes, teachers gave out attendance certificates. Handwork projects were on display in the classrooms.

PERSONALS

Tallyho Bridge Club met at the home of Mrs. James Hedman. Mrs. Guy J. Summerson and Mrs. Gail Decker assisted the hostess. Mrs. Harlan Brown had honors.

Colonel Laurence A. Scott of Long Beach, California, spent a few days at the home of his brother Neil E. Scott and Mrs. Scott. Colonel Scott has just completed United States Army summer duty at Ft. Lee, Virginia. In civilian life, he is a school principal in the Long Beach Unified School District in California.

# Russell Church Sets Program

Russell Faith Bible church will have the pleasure of hearing a men's quartette called the "Soldiers of the King", from the Jonestown Bible church, in Jonestown, Pa. on Sunday August 20, at both the 11:00 a.m. and 7:00 p.m. services.

Gleason Ritchie, a member of the quartette and a Bible teacher will be the guest speaker. Rev. George Atkins, son of Mrs. Hugh Atkins of Russell is the pastor of the (Jonestown) church and several years ago broadcast over WNAE, "The Gospel in Song" which is still being broadcast over the Lebanon Broadcasting Station. Everyone is welcome to come and hear them.
